1.5 National Quality Framework

The Service participates in the National Quality Framework (NQF). The Service aims to provide the highest quality education and care available across all areas of this framework.

The Service participates in and values the NQF, including the National Quality Standard (NQS), the Early Years Learning Framework (EYLF) and the National Regulations – an Australian Government initiative linked to the funding of the Child Care Benefit for parents. This is conducted through the Australian Children’s Education and Care Quality Authority (ACECQA) and Quality Education and Care NT, through scheduled site assessment visits and where appropriate, spontaneous visits.

The NQS provides standards of quality practices for care provided in our Service as well as guidance and support from the Service’s self-evaluation through our Quality Improvement Plan (QIP). The system also allows educators to continually improve practices by identifying the quality aspects of care the Service is already providing and assisting the Service in developing goals for further improvement through our QIP. The Service is required to complete and submit a comprehensive QIP every twelve months.

The Service will ensure that all educators and management are informed about current practices and requirements in the NQF process by attending appropriate in-service/training, accessing any other publications and information about the accreditation process that may be of benefit – including those published by ACECQA.

Educators will involve parents, families and management in each stage of the assessment process to seek their input and views into practices and care in the Service. This includes having parent input into policy reviews, parent meetings and providing updates in newsletters about the Service’s current stage in the process.

Operations Plan: Service Management

The seven Standards under the NQS are:

1. Educational program and practice.
2. Children's health and safety.
3. Physical environment.
4. Educating arrangements.
5. Relationships with children.
6. Collaborative partnerships with families and communities.
7. Leadership and service management.

The NQS Ratings are as follows:

- Excellent
- Exceeding National Quality Standard.
- Meeting National Quality Standard.
- Working towards National Quality Standard.
- Significant improvement required.

The Service will access regular updates on the ACECQA website – www.acecqa.gov.au

Operations Plan: Service Management

2 Enrolment & Orientation of Children (POLC-002)

Enrolment at the Service is open to all children between the ages of 6 months and 6 years that are not attending a primary school. The Nominated Supervisor may also consider requests to enrol a child between 6 weeks and 6 months of age based on the needs of that child, the family and the ability of the Service to provide appropriate care for the child.

Related Procedures & Forms

FORM-001	Enrolment Record
FORM-0041	Family Orientation Checklist

2.1 Child Groupings

The Service has allocated child groupings as follows:

Age of Child	Number of Children	Number of Educator
6 weeks - 24 months	8	1 full time equivalent Qualified Diploma 1 full time equivalent Certificate III
24 months - 3 years	18	2 full time equivalent Qualified Diploma 2 full time equivalent Certificate III
3 years - 6 years	33	2 full time equivalent Qualified Diploma 1 full time equivalent Certificate III
Total	59	9

2.2 Priority Enrolment

The Service ensures vacant places are filled in accordance with the following Federal Government's Priority of Access guidelines:

Priority 1	A child at risk of serious abuse or neglect.
Priority 2	A child of a single parent who satisfies, or of parents who both satisfy, the work, training, study test under section 14 of the Part A New Tax System (Family Assistance) Act.
Priority 3	Any other child.

Operations Plan: Service Management

Within these main categories, priority should also be given to the following children:

- Children in Aboriginal and Torres Strait Islander families.
- Children in families which include a disabled person.
- Children in families which include an individual whose adjusted taxable income does not exceed the lower income threshold or whose partner is on income support.
- Children in families with a non-English speaking background.
- Children in socially isolated families.
- Children of single parents.

Requests for priority 1 or 2 enrolment status may require evidence to support the claim, particularly in the event that a Priority 3 child needs to vacate a place to make room for a child with a higher priority. Parents will need to acknowledge and accept these conditions as set out in the Priority of Access guidelines at the time of enrolment. In the event that a place needs to be vacated it will be done in a last on first off basis and parents will be given at least 14 days' notice.

Any change in circumstances will need to be provided to the Service. A change in occupation may warrant a reassessment of care time available at the Service. However any decrease in care resulting from such a change should allow for a suitable period of transition and not preclude a parent's opportunity to seek other occupations.

The Service may require a Priority 3 child to vacate a place to make room for a child with a higher priority. The Service can only do so if you:

- Are notified when your child first entered care that the Service follows this policy.
- Are given at least 14 days' notice of the need for your child to vacate.

2.3 Service Preference Enrolment

The Service will comply with the Federal Government's guidelines for Priority of Access. However, the Service will give preference in order of the following:

Preference 1	A child of an employee of the Service.
Preference 2	A child that has siblings currently attending the Service.
Preference 3	A child of a suitable age group who has expressed interest in enrolment.

2.4 Enrolment Request

Once a suitable place becomes available and is accepted by a family, they are invited to spend time at the Service to familiarise themselves with the educators, routines and programs. On enrolment an orientation process will take place at a suitable time and will include the provision of the Parent Handbook. The Enrolment Record (FORM-001) will be completed at this time.

Operations Plan: Service Management

2.5 Orientation for Enrolled Children

An educator will be allocated to go through the Family Orientation checklist (FORM-041) at a suitable time, which will include relevant policies and procedures. Enrolling families are invited and encouraged to:

- Visit and become familiar with the service before their child starts.
- Talk with the nominated supervisor and educators about the values and expectations they hold in relation to their child's learning.
- Share information about other child-related services accessed by the family.
- Share their understanding of their child's strengths, interests, abilities and needs.
- Work with educators to develop and maintain a routine for saying goodbye to their child.

The Service will support families for whom literacy is an issue or for whom English is not a first language, this may include organising a translator.

At all times during the enrolment and orientation process open communication is encouraged between all parties.

2.6 Unenrolled Children Policy

On occasion, children who are not enrolled at the Service may be present. An example of this is when families come to pick up an enrolled child and they bring their other children with them.

At times like this, the children who are not enrolled at the Service are the responsibility of the adult that brought them. This is to ensure our legal requirements including child/educator ratios are met.

Should a child who is not enrolled at the Service attend an excursion with the service, they may only attend should the adult to educator ratio not be compromised for enrolled children.

Operations Plan: Service Management

3 Payment of Fees (POLC-003)

As a not-for-profit organisation, the Service undertakes to keep fees at the minimum amount required to provide a quality child care service. Any surplus monies will be used for improving facilities and the service provided.

A list of current fees is displayed on the notice board located in the foyer. The fee system is designed for simplicity and fairness and to cover all budgeted costs.

As an additional incentive to attract and retain quality educators, those educator that have children enrolled at the Service will be provided with a 25% discount on the child care fee set by the Management Committee.

Related Procedures & Forms

FORM-003	Late Fee Payment

3.1 Setting Fees

Fees are to be set on an annual basis by management, based on the annual budget and ensuring that the required income will be received to run the service efficiently. This is subject to change at discretion of the committee. Parents will be given at least 2 weeks' notice of any changes in the fees.

Fees are payable for fifty one (51) weeks of the year whilst a child is enrolled with the Service. This includes Public Holidays, annual and sick leave. The Service is closed for the week December 25th to January 1st and no charge will apply for this period.

3.1.1 Child Care Benefit

The service complies with the Commonwealth Government requirements to be an eligible Child Care Benefit service. The guidelines in claiming and administering the Child Care Benefit, as directed in the Child Care Service Handbook 2011-2012, are followed.

In order to be eligible for the Commonwealth Child Care Benefit, the Service participates in the Ratings and Assessment process through ACECQA to ensure that National Quality Standards are met.

All children must meet the Government's immunisation requirements, or have approved exemption, to be eligible for the Child Care Benefit. Records of each child's immunisation status must be provided on enrolment and updated when boosters are administered. It is the parent's responsibility to ensure the records held at the Service are up to date.

Applications for reduced fees through the Child Care Benefit (CCB) are obtained from the Family Assistance Office. Full fees are applied for enrolled hours until notification is received of the Child Care Benefit percentage. Once this has been received, fees will be adjusted to the date applicable. The Service cannot back date rebates for families already using care.

Operations Plan: Service Management

Families will only be eligible for the Child Care Benefit if childcare attendance records are accurately completed and signed by the parent/guardian or other responsible adult, and other eligibility requirements are met. **(Refer to Child Care Service Handbook – 10.3)**

Child Care Benefit is paid for up to 42 allowable absence days for each child per financial year across all approved care **(Refer to Child Care Service Handbook – 13.1).**

The Service undertakes to keep parents informed of any changes to the Child Care Benefit scheme as they become available. For information regarding individual Child Care Benefit payments you will need to contact the Family Assistance Office.

3.2 Paying Fees

Fees are payable two (2) weeks in advance on commencement of care. A Fee Payment Agreement (FORM-002) is to be completed by the person responsible for the child in care. Fees can be paid weekly, fortnightly or monthly but must be kept up to date.

Fees are to be paid for the days the child is booked into the Service, including times when the child is absent due to illness or holidays and for public holidays.

Fees can be paid Monday – Friday between the hours of 8.00am-5.30pm. Cash, cheque or EFTPOS facilities are available, however the preferred method is electronic funds transfer.

A dated statement will be issued regularly showing any monies paid. It is the parent’s responsibility to collect these from their parent pocket. Parents may access fee statements / information at any time by providing a written request to the Nominated Supervisor.

All records will be kept confidential and stored appropriately.

3.2.1 Overdue Fees

Parents are encouraged to discuss any difficulties that they may have in paying fees with the Nominated Supervisor who will then make suitable arrangements for payment of fees as well as informing them of other avenues for financial support if available.

If no previous arrangements have been made regarding overdue fees the Nominated Supervisor/Committee member will:

After 2 weeks overdue	Send a reminder statement requesting payment.
After 3 weeks overdue	A phone call will be made requesting payment and an appointment made to discuss the problem with the option of setting up a payment plan
After 4 weeks overdue	Children’s care arrangements may be in jeopardy. Any outstanding payments not received will be forwarded to a debt collection agency and the cost of recovery added to the account.

Operations Plan: Service Management

3.2.2 Late Collection Fee

Any parent who collects their children after 5.30pm will be charged a Late Fee Payment (FORM-003) as set by management.

The clock located in the foyer will be the only clock used to record late fee time.

0 - 15 minutes late	Charge of \$20.00
16 - 30 minutes late	Charge of \$40.00
Over 30 minutes	Charge of \$60.00
Over 60 minutes	Police will be contacted in accordance with the Service's Delivery and Collection of Children Policy. Every endeavour will be made to contact parents and emergency contacts in the first instance.

Wherever possible parents should advise the Service when they will be late to collect their child. Parents will then be asked to sign the late fee document as confirmation of this, with an educator as witness. Late fees are to be paid in cash upon collection of their child, or as soon as possible. The Nominated Supervisor will record the details on the late fee payment form and provide a copy to the parent.

Special circumstances i.e. traffic accident, vehicle breakdown, will be given consideration when applying the fee.

If a parent continues to collect their child after 5.30pm, the Nominated Supervisor will need to discuss other options with them, and suitable arrangements made or the child's place in the Service may be in jeopardy.

3.3 Cancellations/Absences

Two weeks' notice, in writing, is required to cancel permanent care. Payment is required up to and including the final day of care following this written notice. Please note that under Family Assistance Law, Child Care Benefit (CCB) is only payable until the last day of care provided. For more information or clarification, contact the Family Assistance Office.

6.1 Values & Principles

The Service values:

- The opportunity to be heard.
- Procedural fairness and natural justice.
- A code of ethics and conduct.
- A culture free from discrimination and harassment.
- Promotion of conflict resolution.
- Transparent policies and procedures.
- Avenues for recourse and further investigation.

The three core principles of natural justice or procedural fairness are:

- The right to be heard fairly.
- The right to an unbiased decision made by an objective decision maker.
- The right to have the decision based on relevant evidence.

6.2 Communication with Families

- Every family is provided with clear written guidelines detailing grievance procedures, included in the Parent Handbook and displayed in the foyer of the Service.
- All confidential conversations/discussions with families will take place in a quiet area away from children, other families and educator who are not involved.
- Where a parent/guardian wishes their grievance to remain confidential this will be honoured. However families will be advised that issues cannot always be resolved if the parent/guardian chooses to remain anonymous.
- Where an educator believes they should share a confidence with another person in order to resolve an issue, they will inform the parent/guardian of this need prior to any further discussions on the matter.

Operations Plan: Service Management

- Whenever a complaint or grievance is received it will be analysed to determine whether policy revision or development is required.

- The name and contact number of the Services Compliance Officer from QEC NT is displayed in the foyer.
- A current copy of the Education and Care National Law and Regulations are available in the Nominated Supervisors office.

Refer to Grievance and Complaints Management procedure (PROC-001) for further information.

6.3 Applying strategies to different stakeholders

The grievance procedure for dealing with a complaint made by a child against another child will be different to the complaint procedures between educators. While the concepts will be similar, there may be specific procedures that accommodate a resolution specific to the relationship between stakeholders. For example, if the investigation is between two children, then parental consent may be sought before the mediation process can begin.

<p>Children</p>	<p>When a child makes a complaint against:</p> <ul style="list-style-type: none"> ▪ another child; ▪ an educator; or ▪ a family member or other adult <p>it may be helpful to refer to the <i>Service's Interactions with Children Policy</i> or the <i>Child Safe Environment Policy</i> before undergoing any of the grievance procedures.</p>
<p>Families</p>	<p>When a family member makes a complaint against:</p> <ul style="list-style-type: none"> ▪ a child; ▪ an educator; or ▪ the Management Committee, <p>then they will be directed to the procedure for grievances as noted in this policy.</p>
<p>Educator</p>	<p>When an educator or carer makes a complaint against:</p> <ul style="list-style-type: none"> ▪ a child; ▪ a family member or other adult; ▪ another educator; or ▪ the Management Committee, <p>then the procedures for educator complaints listed in this policy should be followed and a written statement of the complaint submitted.</p>
<p>Management</p>	<p>When management makes a complaint against:</p>

Operations Plan: Service Management

<p>committee</p>	<ul style="list-style-type: none"> ▪ a family member or other adult; ▪ an educator; ▪ an individual involved in the management of the Service, such as a committee member; or ▪ a member of the community, <p>the grievance procedures listed in this policy will be followed and a written document must be supplied stating what the complaint entails.</p>
<p>Community</p>	<p>If a Community member makes a complaint against the Service, directly to the Service, then it will be taken into consideration and a solution sought as soon as possible.</p> <p>If a community member makes a complaint against the Service through QECNT, then the grievance procedure of QECNT will be followed.</p>

6.4 Conflict of Interest

Conflicts of interest may arise during a grievance or complaints management procedure, especially when it involves the individual who normally mediates grievances and complaints in the Service. For example, if a parent voices a complaint against the Nominated Supervisor of the Service, and the manager is the individual who mediates all grievances and complaints, how does the complainant feel confident of:

- Being heard fairly.
- An unbiased decision making process.

In this scenario, where there is a conflict of interest between the parent and the Nominated Supervisor, which may result in an unfair mediation process, an alternative mediator may be nominated from the Service or the wider community who is able to be objective and fair in their approach.

6.5 Dealing with the Media

- If there is a situation when a grievance or complaint has been communicated to a media organisation and possibly exposed to the general population, the Service will maintain the right to make no public statement.
- If a statement is to be made, it will be to the point and not disclose any individuals by name. It will also be authorised by the President of the Management Committee.

6.6 Role Models

All educators, students and volunteers at the Service are role models.

- Children learn through example and role modelling is an important strategy to encourage children to manage conflict appropriately.

Operations Plan: Service Management

- Educator, students and volunteers are encouraged to comply with the Dealing with Complaints Policy.
- The Service encourages educator to resolve grievances and complaints equitably and respectfully and when available, educator can attend professional development and training opportunities to improve their conflict resolution skills.
- Educator can role model to one another. Educators are able to discuss issues that consistently arise that may cause conflicts of opinion in educator meetings.
- Educators can role models to families. Regular workshops are offered in the community to develop ongoing parenting skills and knowledge training that may assist families in expanding their understanding of child development and current care giving best practices.
- Students offer a wealth of knowledge of up to date practices being taught in the profession, and while they deserve positive role models to learn from, they can also be a valuable resource for the Services.
